

**AAMFT-CA Division Presents:**

# **Moving Forward Together**

## ***The Changing Culture of Behavioral Health Treatment: Preparing the Profession for Integrated Care***

Learn about how and where you will be working in the future! Be informed and prepared. Participate in exchanges with educators, students, community agencies, state policy makers. Be part of valuable discussions about how to contribute and be marketable in the near future!

### ***Diversity! Integration! Expansion!! Inclusiveness!!***

Your Future Professional World is Evolving to Reflect the Real World!!

- How will the changes affect your practice and your ability to get paid? What are the opportunities?
- What do agencies look for when interviewing for placement candidates or employees?
- What is it really like once you find a placement or employment in the public system?

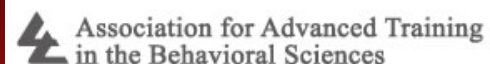

**Presentations:** Join us to hear presentations about the Language and Culture of Primary Care, the state Anti-Stigma Initiative, the Racial and Ethnic Mental Health Disparities Coalition and Multiculturalism: Broad View.

**Graduate Panelists:** Hear from a panel of graduate Stipend Recipients who will address their experiences from “school to real life” with an emphasis on diversity in the workplace.

**Employer Panelists:** Leading community agency/ county employers provide their perspectives about the real world, preparing for diversity in the workplace and who they want to hire!

**Participation:** Be part of this conversation! The program builds in ample time for you to ask questions, share your experiences and make connections in your community.
